i feel so proud to be a part of leap.club offline. i can take my wfh vibe out of my house to a safe space that feels cozy and my own.

**mae mariyam thomas**

i've been with the offline club since day one, and it feels like an extension of my living room. from the speakeasy vibe to the creative spark in every corner, it's a warm, welcoming space. the chirpy "hi" at the front desk and quirky touches everywhere make it special. it's a place that sparks joy and feels like home.

**priyal shah**

it's nice to walk into a room where everyone knows your name and people are happy to see you. you are the people you surround yourself with and what could be better than a group of extremely ambitious, motivated, kind and effervescent women?
